Important Verification Scope and System Limitations

LEGAL & COMPLIANCE CAVEATS:
*1. **Official Issuer Verification Scope:** Official issuer verification was not performed. Docusure AI evaluates internal cross-document consistency, cryptographic document structure, and configured rule constraints. This report does NOT constitute an authoritative certificate of document genuineness.*
*2. **Discrepancies vs. Fraud:** Flagged inconsistencies indicate information variance or typographical mismatches; they do not constitute definitive proof of fraudulent intent without independent administrative review.*
*3. **Demonstration Rules:** Any rules designated as demo rules represent illustrative algorithmic scenarios and are not intended as binding legal regulations.*
